

Northwestern University Feinberg School of Medicine

Behavioral Neurologist

The Cognitive Neurology and Alzheimer's Disease Center (CNADC) and the Ken & Ruth Davee Department of Neurology at Northwestern University Feinberg School of Medicine jointly announce the search for a full-time, non-tenure eligible behavioral neurologist at the Assistant or Associate Professor level in the Clinician-Educator career track.

The successful candidate will have the potential to assume leadership roles in the diagnostic and patient care services of the CNADC, multicenter clinical trials, and UCNS-accredited fellowship training programs. In addition to clinical and teaching responsibilities there will be ample opportunities to participate in the research programs of the NIH-funded Alzheimer's Disease Center. Possible areas of research include, imaging, cognitive neuroscience, and neuropathology.

Fellowship training in behavioral neurology, eligibility for UCNS certification, and experience with clinical trials are desirable. United States citizenship or permanent resident status are required. Salary will be commensurate with experience. The anticipated start date is July 2018. Applications should include a *curriculum vitae*, a statement of interest, and a list of six referees.

Correspondence should reference search number P-167N-18 and be sent to:
