

CALL FOR ABSTRACTS
21ST ANNUAL ALZHEIMER DAY
THURSDAY, MAY 7, 2015, 11:30AM-4:00PM

Keynote Speaker: Keith A. Johnson, MD
Professor of Radiology and Neurology
Harvard Medical School

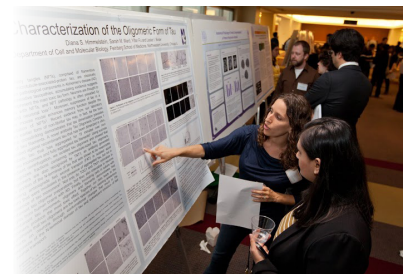

The Cognitive Neurology and Alzheimer's Disease Center invites Northwestern University members conducting research in Aging, Alzheimer's Disease, and Other Dementias and related Neurosciences to submit an abstract to participate in the Alzheimer Day scientific poster session. Categories for poster submission include: 1) Cell & Molecular Biology, 2) Pharmacology, 3) Physiology, 4) Neuroanatomy, 5) Neuroscience, 6) Clinicopathologic Studies, 7) Social and Behavioral Sciences, 8) Health Services, and 9) Clinical Best Practices.

The *Marie and Carl Duncan Prize* for research in memory disorders will be presented to the researcher with the most meritorious contribution relevant to memory. The winner will receive a certificate of award and \$250.

SUBMISSION REQUIREMENTS:

- Abstract text should detail purpose, methodology, and findings
- Abstract text should include 1-2 sentences about the practical implications of the findings for patients, caregivers, community based organizations, public health policy makers, or anyone whose background is not research but who is interested in the application and translation of your research findings
- Contact information requested for first author

The audience for Alzheimer Day is very diverse. You will be presenting your poster to academics as well as patients, caregivers, service providers, healthcare practitioners, and the general community.

Please e-mail all abstract submissions to Kristine at k-zachrich@northwestern.edu

All abstracts must be received by Monday, March 23, 2015
